30FT X 8FT USED SHIPPING CONTAINER BULK

USED SHIPPING CONTAINERS

CX-CID-E734C5 · SKU e88f243bf341 · Used · Nov 16, 2026

OVERVIEW

Every 30ft unit in this class is built around a welded frame of corten weathering steel, the same alloy used across global shipping fleets for its resistance to rust creep. Corrugated corten panels form the walls and die-stamped sheet forms the roof, all continuously welded to the frame. Underfoot, marine-grade plywood flooring sits on steel cross members, rated for forklift traffic. Double cargo doors swing on heavy hinges and seal against rubber gaskets to keep weather out.

Businesses treat a 30ft unit as square footage on demand: overflow stock, seasonal fixtures, tool cribs and site records all stay secure and dry without a lease or a build-out.

PRIMARY USES

- Emergency and disaster-readiness supply caching
- Document and records archiving away from the main office
- Secure jobsite storage for tools, fasteners and power equipment
- Weather-tight shelter for ATVs, mowers and seasonal vehicles
- Farm and ranch storage for feed, seed and implements
- Parts, tires and fluids storage for fleet operations

KEY FEATURES

- ISO corner castings for lifting, stacking and tie-down
- Marine-grade factory paint system
- Double swing cargo doors that open a full 270 degrees
- Original manufacturer data plate retained where present
- Stack-rated structure proven in ocean service
- Fork pockets on most 20ft units for easy repositioning
- Full-perimeter door gaskets for a weather-tight seal

BENEFITS

- Ground-level access with no loading dock required
- Decades of service life with only basic upkeep
- Relocatable if your site or needs change
- Wind and water tight when doors are closed and latched
- Stackable where yard space is tight
- Standard 30ft footprint makes planning and permitting discussions simple

INDUSTRIES SERVED

- Municipal

SPECIFICATIONS AT A GLANCE

CONTAINER ID	CX-CID-E734C5
SKU	e88f243bf341
CATEGORY	Used Shipping Containers
CONDITION	Used
EXTERIOR DIMENSIONS (NOMINAL)	30'0" × 8'0" × 8'6"
FLOOR AREA (NOMINAL)	240 sq ft
PRICE	$5,600.00
AVAILABILITY	In stock - ready to ship

Full specifications and a dimensional drawing are on this unit's Specification Sheet, available on the product page.

SITE PREPARATION CHECKLIST

- Grade so water sheds away from the container, not under it
- Leave swing room in front of the cargo doors, about 6 ft
- Check for low wires, branches and eaves along the approach
- Lay railroad ties, blocks or compacted gravel at the corner points
- Confirm a straight run of clear access for the delivery truck
- Choose a spot with firm, level, well-drained ground

DELIVERY NOTES

- The truck needs roughly 12 ft of clear width along the approach
- Allow at least 14 ft of overhead clearance for wires and branches
- Tilt-bed placement needs a straight run of about twice the container length
- Have someone 18 or older on site to confirm placement and sign

DOCUMENT CONTROL

DOCUMENT ID	CX-BR-E734C5-2026

REVISION	1.0
ISSUE DATE	November 16, 2026
CLASSIFICATION	Technical Specification - Customer Reference
