40FT USED FLAT RACK SHIPPING CONTAINER FOR SALE

FLAT RACK CONTAINERS

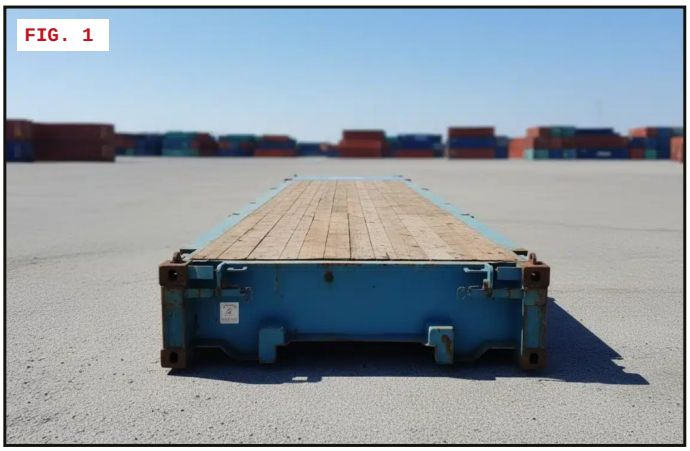
CX-CID-2790AF · SKU LLC-FR-40USED-3900 · Used · Nov 16, 2026

OVERVIEW

The 40ft Used Flat Rack Shipping Container for Sale is built around a base frame far heavier than a standard container floor, with deep steel cross members under a timber or steel deck surface. Corner castings at full container spec let cranes, spreaders and twist locks handle it like any ISO box. Lashing points line the rails for chaining down machinery. On a used unit, expect honest deck wear from past cargo, and a structure with plenty of working life left.

Contractors deploy the 40ft Used Flat Rack Shipping Container for Sale as a semi-permanent site platform, crane-set it once, and it serves as a staging deck, pump platform or temporary bridge for the life of the project.

PRODUCT GALLERY



PRIMARY USES

- Bridge, deck and platform structures on site
- Hauling excavators, loaders and tracked machinery
- Pipe, pole and timber transport with side access
- Crane-loaded project cargo that exceeds door openings
- Staging oversized cargo for port and rail moves
- Shipping transformers and heavy electrical plant

KEY FEATURES

- Full ISO corner castings for standard handling gear
- Rows of rated lashing rings for chains and binders
- Collapsible end walls on most models, pinning upright or folding flat
- Forklift pockets on 20ft models
- Timber deck surfaces that accept chocks, screws and dunnage
- Compatible with twist locks on chassis and railcars
- Open-sided deck loadable by crane, forklift or roll-on

BENEFITS

- Stackable and interlockable when ends are folded
- Collapsible end walls on many units fold flat for cheap return transit
- Doubles as a ground-level platform, ramp base or bridge deck
- Corner castings compatible with standard container handling
- Massive point-load capacity on a reinforced steel deck
- Crane and forklift loading from three directions

INDUSTRIES SERVED

- Energy
- Rail and intermodal
- Project logistics
- Mining
- Marine
- Machinery dealers
- Steel fabrication
- Heavy construction

SPECIFICATIONS AT A GLANCE

CONTAINER ID	CX-CID-2790AF
SKU	LLC-FR-40USED-3900
CATEGORY	Flat Rack Containers
CONDITION	Used
EXTERIOR DIMENSIONS (NOMINAL)	40'0" × 8'0" × 8'6"
FLOOR AREA (NOMINAL)	320 sq ft
PRICE	$4,500.00
AVAILABILITY	In stock - ready to ship

Full specifications and a dimensional drawing are on this unit's Specification Sheet, available on the product page.

SITE PREPARATION CHECKLIST

- Stage dunnage and chocks before the machinery arrives
- Set blocking or ties under the corner castings, checked level
- Confirm crane or forklift access and swing room for unloading
- Plan drainage so the deck sheds water away from stored loads
- Compact a gravel or crushed-stone pad sized for the rack footprint
- Keep the approach clear for a flatbed truck and trailer length

DELIVERY NOTES

- Flatbed delivery: you provide the crane or forklift for offloading
- Keep 12 ft of clear width and a long straight approach for the truck
- Check overhead lines where the crane will swing during unloading
- Have your site contact present to direct the set and sign the delivery

DOCUMENT CONTROL
