40FT X 8FT RAISED BUNDED STORE

40FT CONTAINERS

CX-CID-981E55 · SKU CX-4F5EDD50 · Nov 16, 2026

OVERVIEW

Every 40ft unit in this class is built around a welded frame of corten weathering steel, the same alloy used across global shipping fleets for its resistance to rust creep. Corrugated corten panels form the walls and die-stamped sheet forms the roof, all continuously welded to the frame. Underfoot, marine-grade plywood flooring sits on steel cross members, rated for forklift traffic. Double cargo doors swing on heavy hinges and seal against rubber gaskets to keep weather out.

For contractors, the 40Ft X 8Ft Raised Bunded Store becomes the lockup that moves from job to job. Gang boxes, cords and consumables stay staged at the site instead of riding back and forth in trucks every night.

PRODUCT GALLERY

PRIMARY USES

- Parts, tires and fluids storage for fleet operations
- Base shell for a workshop, hobby space or future conversion
- Event and festival gear storage between seasons
- Farm and ranch storage for feed, seed and implements
- Overflow inventory space behind a retail store or warehouse
- Weather-tight shelter for ATVs, mowers and seasonal vehicles

KEY FEATURES

- Original manufacturer data plate retained where present
- Passive wall vents that cut interior condensation
- ISO corner castings for lifting, stacking and tie-down
- Full-perimeter door gaskets for a weather-tight seal
- Stack-rated structure proven in ocean service
- Double swing cargo doors that open a full 270 degrees
- Lockrod handles with padlock-ready hasps

BENEFITS

- Usable the same day it comes off the truck
- Relocatable if your site or needs change
- Ground-level access with no loading dock required
- Standard 40ft footprint makes planning and permitting discussions simple
- Hardened steel shell that resists break-ins and rodents
- Holds resale value better than most portable buildings

- Agriculture

SPECIFICATIONS AT A GLANCE

CONTAINER ID	CX-CID-981E55
SKU	CX-4F5EDD50
CATEGORY	40ft Containers
EXTERIOR DIMENSIONS (NOMINAL)	40'0" × 8'0" × 8'6"
FLOOR AREA (NOMINAL)	320 sq ft
PRICE	$7,200.00
AVAILABILITY	In stock - ready to ship

Full specifications and a dimensional drawing are on this unit's Specification Sheet, available on the product page.

SITE PREPARATION CHECKLIST

- Lay railroad ties, blocks or compacted gravel at the corner points
- Check for low wires, branches and eaves along the approach
- Grade so water sheds away from the container, not under it
- Confirm a straight run of clear access for the delivery truck
- Choose a spot with firm, level, well-drained ground
- Leave swing room in front of the cargo doors, about 6 ft

DELIVERY NOTES

- The truck needs roughly 12 ft of clear width along the approach
- Allow at least 14 ft of overhead clearance for wires and branches
- Tilt-bed placement needs a straight run of about twice the container length
- Have someone 18 or older on site to confirm placement and sign

DOCUMENT CONTROL

DOCUMENT ID	CX-BR-981E55-2026
REVISION	1.0
ISSUE DATE	November 16, 2026
CLASSIFICATION	Technical Specification - Customer Reference
